

## New Torrance Drive-In to Open With 'Fox Fire' Next Wednesday

The new Torrance super drive-in theater on Torrance Blvd. and the city's western limits will open its gates to the public Wednesday, June 23rd. This new outdoor theater is another link in the rapidly expanding Aladdin super drive-in theater circuit.

The New Torrance super drive-in theater will have a capacity of over 1200 cars and covers an area of better than 12 acres in grounds.

Several of the features of the New Torrance will be its unique playgrounds for the small fry. A new streamlined snack bar with a capacity of handling 500 patrons at a time. The refreshment will also have hot Pizza and special tasty dishes in addition to the handling of many special ice cream dishes, candies and pop corn.

**Non-Glare Screen**  
Other improvements that will greet the drive-in theater patrons will be the new soft glow non-glare picture screen. The newest improved Cinemascope and Vista Vision screen projection and the latest hi-fi in car receiving sets for the patrons' car.

The park proper of the New Torrance has been graded in a new manner to assure perfect viewing of the screen, no matter what space a patron chooses to park his car.

**Manager Named**  
This newest and most elaborate of south bay outdoor theaters will be operated by Aladdin drive-in theaters in association with Millstein and Mellinkoff. Fred Chancia is the new resident general manager of the new Torrance drive-in theater. The theater is located on Torrance boulevard one mile west of Hawthorne.

Gale Robbins, well known stage, screen and radio star, is expected to attend the gala opening of the new theater at 8001 Torrance Blvd. in Torrance.

Feature attractions for the opening will be "Fox Fire" starring Jane Russell and Jeff Chandler. Rod Cameron and Gale Robbins also will be appearing in "Double Jeopardy."

A selection of short subjects and the latest news, will augment the premiere program, Manager Chancia announced.

### Pens, Prizes Offered First at Local Park

Ball point pens, rings, and comic books will be given to the first hundred kids who attend the Torrance park playground, Monday morning, June 27, at 9 a.m. and participate in the program.

Games, crafts, and other activities are among the events planned for this summer. Fun and interest for the younger set is the main purpose of the program.

The recreation department has appointed the following personnel to this park area: Cliff Greybehl, director; Del Nazam, director; Jeanne Kasten, recreation leader, and Deanna Gibson, student leader.

### Early Friday Closing Set for Playgrounds

Torrance Recreation Department announced today that the playgrounds will be closed every Friday at 3:45 p.m. The parks that are opened in the evenings will be reopened at 6 p.m.

Other playgrounds will remain closed for the remainder of Friday afternoon. The reason for the early closing on Friday is so that there may be weekly staff meetings of all recreation personnel. He said that for an hour and a half each Friday afternoon the recreation staff will meet to line up the following week's schedule of activities.

## WHAT'S DOING

R. S. Pyle, your Telephone Manager in Torrance

### MEET TWO LUCKY BUCKS

Violet and Harold Bucks are looking forward to some well earned leisure upon retirement from their respective jobs at the end of this month.

Violet has been an Operator in the Torrance Office for many years and has undoubtedly connected quite a few of your calls. Upon her retirement she will have a total of thirty years of service with our company. While her service dates back to 1907, she took a few years off to take care of home duties, she has many memories of telephony in its infancy.

Harold has been with the Post Office for twenty-five years right here in Torrance. These were busy years for both of them, raising their two daughters and taking care of their home. Their daughters, Mrs. Katherine Quigley and Mrs. Grace Boscon, have good sized families of their own now. In fact, the Bucks have six grandsons, one granddaughter and one great-grandson.

Now they will have time for enjoying their fine family, doing some fishing which they both enjoy, or anything else they wish. They have many interests. Harold Buck has been a baseball umpire in the neighborhood sand lot games and they both enjoy the game very much. He is also a good cook and baker and plans to take a course in cake-decorating. Violet shares her husband's interests, as he does her's.

There isn't anything the one enjoys doing which the other doesn't like as well. They are looking forward to seeing some of those late, late, late TV shows, too. Getting up at 4:00 A.M. each week-day isn't conducive to that sort of thing.

You folks have earned your leisure time and the people of Torrance are grateful for your years of service to the community. May your future be as rich and full of pleasure as the past has been in duty.

### Give your friends plenty of time to answer

Have you ever had to jump out of the bathtub or shower and dry quickly in order to answer the telephone, only to have it stop ringing just as you got there? Uncompleted calls like this are a real disappointment, not only to you but to the person who called. And people can't always get to the telephone right away. So to help yourself to the best possible telephone service, give your friends a full minute to answer your calls. You'll be surprised how many more you complete. And you can help others complete more calls, too, by answering promptly when your phone rings. Pacific Telephone.
